Why TORLYS Smart or Quick•Step® Laminates?

Protection & Performance

What makes TORLYS Smart & Quick•Step® Laminate floors different than other floors?

1 Laminate Layers. Multiple layers compose each laminate plank in order to look and feel like real wood and create greater durability – all at an affordable price.

A A backing layer provides a moisture barrier and added stability.

B Patented Uniclic® Joint - The most advanced, gap-resistant joint system available today.

C Real wood-like textures featuring natural designs.

D A top finishing layer to ensure your floor stays beautiful year after year.

2 Smart Technology. Like all TORLYS Smart and Quick•Step® Laminate floors, a unique production process ensures an environmentally friendly floor. These floors are made in Europe and North America. Its North American produced Laminate floors contain no less than 70% recycled and fast growing softwood from managed forests for this state-of-the-art high density Smart Core.

3 No harmful VOCs.

These floors help you create a healthier home as they contain no harmful VOC emissions and exceed California Indoor Air Quality standards, among the most stringent in the world.

Why TORLYS Smart or Quick•Step® Laminates?

- A transparent overlay of extremely wear resistant melamine resin and aluminum oxide that is **warranted for up to 35 years**.
- **The Uniclic® Joint** resists ugly gapping. No other joint outperforms Uniclic® Joint. Lexington Laminate utilizes Uniclic® Joint and TORLYS SmartClic end joint technologies.

- **The Smart Core** is ultra dense and engineered to be extremely dent resistant.
- **Move It and Re-use It** – every TORLYS Smart and Quick•Step® Laminate floor can be disassembled and re-used in another room or home.

Transition Free Installation System

- Only TORLYS smart & Quick•Step® Laminates can be installed up to 50'x 50' with no transitions or "speed bumps"*
- No more transitions in doorways or long hallways, create one seamless installation from room to room for a completely flawless look**.

*Please see TORLYS website for specific installation instructions.

Bulldog™ Easy Plank Replacer – A Floor's Best Friend

TORLYS Bulldog™ Easy Plank Replacer allows you to:

- Replace a damaged plank, not your entire floor – just ask your TORLYS retailer to replace damaged or dented planks using the TORLYS Bulldog™ Easy Plank Replacer. No glue. No nails. No staining.
- Fix major mishaps quickly and easily.

Contact your TORLYS dealer for details.

Minor Fix-Ups

TORLYS offers touch-up kits for minor scratches.

TORLYS Smart & Quick•Step® Laminates

Peace of Mind Assurance

Performance Warranty

One of a Kind.

TORLYS Smart Floors or Quick•Step® Laminates start beautiful and stay beautiful over time. We create inspiring flooring and support your purchase like no other flooring company. Our goal is to create a unique and enjoyable purchase experience. We believe it is the smart thing to do.

Change Your Mind?

If after 30 days from installation you are not satisfied with the colour or style of your TORLYS or Quick•Step® floor, contact your retailer and TORLYS will replace your floor with a TORLYS or Quick•Step® floor of equivalent value. All you pay is the cost of installation. For more information and to register your warranty, visit www.torlys.com.

Guaranteed Trade-in Value. Now That's Smart!

Years down the road, when you want to change your floor, TORLYS will provide you a Trade-in Value of up to 20% of the original purchase price of your old floor. All you need to do now is register the warranty for your new floor. Visit www.torlys.com for details.

Wear Warranty	35 year limited
Laminate Stain and Fade	35 year limited
No Gapping	Lifetime when 30-60% humidity maintained.

Laminate Water Warranty	35 year limited
<i>Note: The Envique collection is now covered by a full Waterproof Installation Warranty. Contact TORLYS for details.</i>	
Structure	Lifetime

HEALTHY HOME Indoor Air Quality	We follow some of the most stringent standards in the world. TORLYS flooring products meet California Section 01350 requirements.
--	---

Re-purpose guarantee*	Move your TORLYS or Quick•Step® floor to another room or another home 3-times under warranty.
Trade In Value*	20% – up to 35 years Toward the purchase of a new TORLYS or Quick•Step® floor. See www.torlys.com for details.
Satisfaction Guaranteed*	30/90 days If after 30 days you are not satisfied with the colour or style you chose, you have 90 days to order another TORLYS or Quick•Step® floor. See www.torlys.com for details.
50' x 50' Transition-Free Installation	Contact TORLYS for details.

Note: See www.torlys.com for complete details on the TORLYS Peace of Mind Assurance Program.

*Repurpose Guarantee, Trade in Value and Satisfaction Guaranteed. For TORLYS or Quick•Step® flooring installed floating. Valid only in Canada. Applies to residential installations only.

Finishing Touches

Coordinating Accessories

Mouldings and Trims

TORLYS Smart and Quick-Step® Laminate floors require a transition moulding to cover the expansion gap mandatory in floors wider or longer than 50 ft. See installation instructions for complete details.

Incizo 5-in-1 Moulding

A Reducer, T-Moulding, Square Nose and Flush Stair Nosing in ONE profile. Nominal 84-1/2" (length) x 1-7/8" (width), (2150mm x 48mm)

A T-Moulding – used to adjoin two floors of identical height.

B Reducer – used to transition two different floor heights.

C Square Nose – used to transition to carpet.

D Square Nose – edge moulding used to conceal the expansion gap around the perimeter of the room.

E Flush Stair Nosing – stair-edge seamless trim moulding for installation of laminate on staircases. Clicks flush into your laminate floor, thus eliminating the overlap of traditional stair nosing. An Aluminium Sub-Base is required for the Flush Stair Nosing installations. Incizo can also be used for non-flush installations on landings.

TORLYS smartSTEP Moulding

TORLYS & Quick-Step® laminates offer a unique smartSTEP moulding solution to add the perfect finishing touch to your installation. The smartSTEP is made from an actual full plank of flooring for a perfect colour, texture & dimension match. The laminate smartSTEP also uses the same Uniclic® joint as the matching floor for an easy installation. A specially engineered metal plate can be used in conjunction with the smartSTEP to allow for a floating installation on landings.

This is the world's first Stair Nosing that can also be installed FLOATING.

Contract TORLYS for details.

Breakthrough Technology. Superior Underlay.

Choosing the correct underlay for your new TORLYS laminate is crucial for the protection of your flooring, your warranty and to enhance the warmth and comfort of your new laminate.

TORLYS Safe and Sound (5-in-1 Foam Underlay)

TORLYS Safe and Sound reduces the sound of steps, eliminates "hollow" sounds and keeps floors quiet. Featuring a built-in vapour barrier and a 3" self-adhesive strip as well as antimicrobial protection to help prevent mould and mildew.

TORLYS Acoustik™ (4-in-1 Foam Underlay)

TORLYS Acoustik™ has superior impact sound insulation properties (IIC-rated), ideal for highrise installations. TORLYS Acoustik also features a vapour barrier and a 3" self-adhesive strip as well as antimicrobial protection to help prevent mould and mildew.

TORLYS 3-in-1 Foam Underlay

This foam underlay provides cushion and step-sound reduction. It includes a vapour barrier with a 3" self-adhesive strip to ensure your entire floor is protected from sub-floor moisture, and antimicrobial protection to help prevent mould and mildew.

TORLYS CorkPlus™ Underlay

TORLYS CorkPlus™ Underlay is a superior natural insulator with long-lasting performance. This environmentally friendly product offers natural air-cushioning for comfort, sound step absorption and thermal insulation, and contains Microban® antimicrobial protection that helps prevent mould and mildew.

TORLYS XV Foam Underlay

TORLYS XV underlayment is the perfect solution when budget is important. It provides moisture and sound control at an incredible value. Featuring a self-sealing adhesive strip to ensure your floor is protected from moisture.

TORLYS LV-Pro Foam Underlay

TORLYS LV-Pro is a high density underlayment solution, created to help minimize subfloor imperfections. It has a self-sealing moisture barrier with Ultra-Fresh™ antimicrobial technology infused into the underlayment to protect against the growth of mould and mildew.

TORLYS Natural Glow® Eco-Friendly Maintenance Kit

TORLYS recommends Natural Glow® Eco-Friendly Maintenance Kit for easy maintenance. It's biodegradable, easy on the environment, and makes every TORLYS Laminate Floor spotless. TORLYS eco-friendly cleaning products are biodegradable (with no VOCs) and fragrance free.

Maintain Humidity in Your Home

TORLYS smart floors are natural products. Use a humidifier or dehumidifier to regulate humidity (30 – 60%) and minimize expansion and contraction. This is required to preserve your floor.

Laminate Maintenance

Everything You Need to Know

Frequently Asked Questions

Can I put my Laminate floor anywhere in my house?

TORLYS Smart and Quick•Step® Laminates are engineered products, well-suited for installation anywhere in your home; below grade, over concrete and even over existing floors. Depending on the application, different underlays will be required. Ask your local TORLYS retailer for more information on different applications and what you may require.

What is the Uniclic® Joint?

The Uniclic® joint is a patented joint guaranteed to resist gapping, warping and cupping. (Some floating floors promote their joint systems, but if it doesn't say Uniclic®, it's not the same.) The patented Uniclic® is integral to TORLYS and Quick•Step® Laminates. During installation, it doesn't require messy glues or chemicals, or nails of any kind. Uniclic® creates a remarkably stable and gap-resistant floor, and because the click joint process is reversible, the floor can be re-used up to 3 times under warranty.

How do I maintain my laminate floor?

TORLYS and Quick•Step® Laminates require the same maintenance as all other TORLYS floors. Simply vacuum or sweep your floors once a week or as needed. To clean your floors, use TORLYS Natural Glow® Eco-Friendly Maintenance Kit once a week or as needed. Clean up any spills with a cloth.

What is the TORLYS Bulldog™ Easy Plank Replacer?

Only TORLYS offers you the Bulldog, a tool that allows you to repair any plank in your floor, even if it's in the middle of your room, with no power tools and little dust or noise. Ask your TORLYS retailer for details.

Can I install my Laminate floors myself?

TORLYS and Quick•Step® use the patented Uniclic® joint, a glue and nail-free joint system that ensures a great-looking floor and makes installation easy. All you need is a saw, hammer, installation kit, tape measure, pencil and some time to install your floor. There are also professional installers. Ask your local TORLYS dealer for more details on installation.

What is the TORLYS Trade-in Value?

The TORLYS Trade-In Value is an innovative program – the first of its kind! Years down the road when you want to change your floor, TORLYS will provide you up to 20% of the original purchase price of your old TORLYS or Quick•Step® floor. Register your warranty for your new floor. For more information and to register your warranty, visit www.torlys.com. Applies to purchases in Canada only.

What is the 30/90 Satisfaction Guarantee?

If after 30 days from installation you are not satisfied with the colour or style of your TORLYS or Quick•Step® floor, contact your retailer and TORLYS will replace your floor with a TORLYS or Quick•Step® floor of equivalent value. All you pay is the cost of installation. For more information and to register your warranty, visit www.torlys.com.

Can I order samples of TORLYS or Quick•Step® floors?

Yes. TORLYS Online Sample Ordering makes it easy to request any flooring sample. Visit www.torlys.com. For a small fee, order a minimum of three 4" X 6" flooring samples of the collection and style of your choice. Available in Canada only.

How does the Transition Free Installation System work?

The Transition Free Installation System allows you to install all TORLYS smart & Quick•Step® Collections in a 50'x50' space, with no "speed bumps". Simply follow the installation instructions provided online at www.torlys.com.

What makes the Envue Collection waterproof?

Making the Envue collection waterproof starts with the manufacturing process and is completed by following the correct installation method. The Uniclic® locking system, GenuEdge™ and Hydrosal technologies seals the joints, ensuring water is kept out of the core. The use of a waterproof flexible silicone sealer together with a PE foam rod on all perimeter expansion & contraction spaces, prevents any moisture from getting under the floor, therefore creating a waterproof flooring solution! Envique *waterproof** laminate

Envique revolutionizes laminates, marrying the beauty of wood with high performance in a waterproof* floor thanks to the innovated technologies of HydroSeal, Uniclic® and GenuEdge™.

Uniclic® locking system, the tightest, strongest joint on the market with pre-tension designed to keep water out of the joint and keep it on the surface.

GenuEdge™ technology colour rolls over the edge and into the bevel, sealing all edges, keeping water out of the joint and core.

HydroSeal water-repellent edge coating keeps water from penetrating the HDF core.

* Fully waterproof when installed with a perimeter seal, see website for full warranty and installation information.

Envique

One of the most advanced laminates, Envique offers realism at its best – truly innovative and dramatic. Envique also includes a brand new waterproof warranty!*

Envique offers striking looks ranging from seared pine, modern concrete to vintage hardwood in unique textures and details.

1/2" (T) x 7-1/2" (W) x 54-11/32" (L)

12 mm (T) x 190 mm (W) x 1380 mm (L)
